Dear Tenant,

Starting November 1, 2015, we will no longer be using the silver tenant stickers that allow you to go through the gate without stopping. They will be replaced with new static cling parking permits that will go on the inside of your windshield. Each tenant will be issued two tenant parking permits. Additional permits can be purchased for a price of \$5 each.

The security guards will only let tenants pass through the gate that have these new permits. ***All tenants that do not have the new permit by Nov. 1, 2015 will have to stop at the Guard Shack to get a Visitor Pass each day.*** This includes ALL tenants, no exceptions. The permits or Visitor Pass must be visible while in the marina at all times.

****Tenants that will be staying in the marina past November 1, 2015 may pick up their permits in the marina office any time Monday through Friday.****

Sincerely,
Bald Ridge Marina Staff
